

# EPSRC Institutional Sponsorship: International Partnerships

## East Africa Seismic Risk Partnership

# East Africa Seismic Risk Partnership

Built on:

- PREPARE
- SAFER PREPARED
- PREPARE\_Uganda

Aim:

- To strengthen and broaden partnerships in East Africa regarding seismic risk and its relationship to other hazards in the region

Provisional activities: 3 webinars for international knowledge exchange

- Dissemination of the findings of the projects themselves to a wider audience
- Perspectives of East African partners on future research needs
- Discussion of broader multi-hazard issues in the region, with input invited from colleagues and partners working on flood, drought, volcano and landslide risks and in the social sciences.

# East Africa Seismic Risk Partnership

## Dates:

- Until the end of March 2022

## Staffing:

- Maria Xanthou
- Joe Gillett

## Invitation:

- Please get involved
- Give any suggestions of activities we can do
